Response to Notification of Missing Requirements under 35 USC 371

In response to the notification of missing requirements mailed December 5, 2001, applicants submit a Sequence Listing in compliance with 37 CFR 1.821 through 1.825. The deadline for responding to this Notification is February 5, 2002. Accordingly this response should be deemed timely filed. Pursuant to the duty to submit DNA and amino acid sequence in computer readable form, this affirms that to the best of my knowledge and belief, the content of the paper copy of the Sequence Listing and the computer readable copy of said Sequence Listing provided herewith are the same.

In accordance with 37 CFR §1.821(a), I hereby state that the sequences contained in this Sequence Listing are supported in the application as filed. Neither the paper copy nor the computer readable copy of the Sequence Listing contains new matter. Please amend the application to include this Listing between the specification and the claims.

No additional costs are believed to be due in connection with this amendment. However, should any such fees be due, charge any deficiency or credit any overpayment to our Deposit Account No. 01-2315. A duplicate copy of this letter is enclosed. If there are any questions about this request, the Examiner is invited to call the undersigned attorney at the number provided.

Respectfully submitted,
